Pre-Arrival

We have a website which includes details on the various ways of getting to the islands. We ask for your travelling arrangements and we work out at what time you should arrive at Albany so that we can be there to meet you. We then show you to your flat and answer any questions you may have regarding the flat and the facilities.

Each flat has a folder which contains tourist information and we are happy to discuss any queries you may have whether it be about the various boat trips around the islands or maybe about the various hotels which offer meals to non-residents and the restaurants on St. Mary's or the other islands.
